NOTED

Beta PM-1712

Dear Charles:

I have your letter of March 25, 1993 and enclosed disclosure materials covering an invention of Dr. Deevi and Messrs. Herman (North Shore Technology Associates, Ltd.), Hajaligol and Ganzert relating to a method of making heaters for use in the BETA product. Because the subject matter of this case is closely related to those of PM-1529 and PM-1569, I am assigning PM-1712 to Victor ~~Freyz.~~ In this regard I think the prior art considered in those cases (notably from Dr. Deevi's files) and a search conducted by Beverly Monroe and reported in her letter of April 18, 1991 should provide a good basis for understanding the relevant art so I am not recommending a new search.

I call to your attention the fact that the invention record dated December 22, 1992 was signed only by Dr. Deevi and Mr. Hajaligol. Dr. Deevi signed on behalf of Messrs. Herman and Ganzert. I suggest an effort be made to get Messrs. Herman and Ganzert to ratify their approval of the disclosure, preferably by signing and dating a copy in an available space on the signature page.

FISH & NEAVE

TO Mr. Glenn

FOLIO 2

I am asking Vic to consider making this case a CIP of the most relevant of the heater cases, probably PM-1529.

Sincerely,

Charles B. Smith
